INDEPENDENT ACCOUNTANT'S REPORT

District of Columbia
Office of the State Superintendent of Education
Washington, DC

We have examined the accompanying Schedule of Student Enrollment for the District of Columbia Public Schools (DCPS) and Public Charter Schools (PCS) as of October 7, 2013 presented in accordance with enrollment and residency criteria set forth in Note 1. The District of Columbia Office of the State Superintendent of Education (OSSE) is responsible for the accompanying schedules. Officials of DCPS and each public charter school are responsible for the enrollment data supporting the accompanying schedules. DCPS and PCS officials did not provide us written assertions about their enrollment data. Our responsibility is to express an opinion as to the accuracy of the enrollment data reported based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence supporting the Schedule of Student Enrollment and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

ENROLLMENT AUDIT ANALYSIS

Our examination included a physical head count of the general education enrollment population of the District of Columbia public and charter schools, as well as procedures for District of Columbia students enrolled in non-public schools, programs and surrounding county schools. In addition to the physical count, our examination consisted of a review of student records to determine enrollment and residency status as of October 7th of the current school year.

The student enrollment data was provided by OSSE and comprised 85,172 students as detailed below:

- 83,304 general education students as indicated on the October 7th Statewide Longitudinal Education Database (SLED)
- 1,868 District of Columbia students enrolled by DCPS, PCS, OSSE and DC Child and Family Services Agency (CFSA) in non-public schools, programs and surrounding county schools.

The audited enrollment of 84,221 students as of October 7th is summarized as follows:

- 82,958 general education students
- 1,263 District of Columbia students enrolled by DCPS, PCS, OSSE and CFSA in non-public schools, programs and surrounding county schools

The enrollment discrepancies attributable to the general education population were 1%; however, the enrollment discrepancies for the students placed by DCPS, PCS, OSSE and CFSA in non-public schools, programs and surrounding county schools was 50%. Overall, the enrollment discrepancies related to the audited enrollment for general education students and students enrolled in non-public schools, programs and surrounding counties was 951 students or 1.1 %. Our examination disclosed the following deficiencies in student records that resulted in the enrollment discrepancies. Our auditor's report is not modified with respect to these matters.

General Education Students

Enrollment

OSSE's SLED reported 83,304 students were enrolled in the general education program. Our examination determined 82,958 students to be enrolled. The primary basis for the net variance of 346 students who were determined to be enrolled at a school related to:

- Non-attending and withdrawn students
 - Duplicate student enrollment
 - New enrollment
1. *Non-attending and withdrawn students.* There were 213 students classified as non-attending or withdrawn during our examination and excluded from the enrollment. OSSE provided guidance in its Absent Student Documentation and Hierarchy (Policy) for determining enrollment status for students who were absent on count day. If such criteria were not met, the student was classified as non-attending. The OSSE criteria for determining absent student enrollment as of October 7th was as follows:
 - An attendance record for a student had to reflect attendance during the period September 20th through October 21st.
 - If attendance records were not available then acceptable documentation could be one of the following:
 - A parent or guardian note regarding the absence
 - Two pieces of classwork reflective for the above mentioned period

Students who were reported as withdrawn by schools as of October 7th yet still reflected in the OSSE database were considered not enrolled for purposes of our report.
 2. *Duplicate student enrollment.* Our examination disclosed 166 duplicate enrollments as of October 7th. A duplicate enrollment occurs when a student has been reported as enrolled at more than one school. Each Local Education Agency (LEA) uses a separate student information system for tracking and reporting enrollment. Because there is no consolidated student information system used to

enroll and track all District students, it is possible for a student to be recorded as enrolled in more than one LEA. OSSE issued guidance related to the resolution for duplicate student status in its Absent Student Documentation and Hierarchy (Policy) and this guidance was utilized in our procedures to determine which school would receive credit for a student as part of its enrollment as of October 7th.

3. *New enrollments.* The results of our examination identified 33 students who were found to be attending DCPS or PCS schools as of October 7th but not included in SLED data provided for testing. We both physically counted these students during our examination and inspected student records to ascertain enrollment and residency status as of October 7th.

Review of the DC Residency Verification Form and Other Appropriate Residency Documentation

Of the 82,958 students determined to be validly enrolled in DCPS or PCS schools, 82,807 students were categorized as residents of the District of Columbia. Compliance with OSSE guidance requires schools to maintain residency supporting documentation for all enrolled students. For each student, our procedures included a review of the DC Residency Verification Form or other appropriate alternative residency document, as specified by OSSE guidelines. Additionally, our procedures included an inspection and assessment of residency supporting documentation for a randomly selected sample of the student population, at each school, whose residency had not been “direct-certified” by OSSE.

Based on our examination, there were 151 students attending DCPS or PCS schools for whom a Residency Verification Form or other OSSE approved residency documents were not provided or for whom the supporting residency documentation provided by the schools was not in compliance with OSSE guidelines.

Students Attending Non-Public Schools, Programs and Surrounding County Schools

SLED reflected 1,868 students as enrolled in nonpublic schools, programs and surrounding county schools. The composition of the 1,868 enrolled students is highlighted below:

1. 1,245 students placed by DCPS, PCS or OSSE
2. 623 students placed by CFSA (wards of the District of Columbia)

This examination verified 1,263 students attending non-public school, programs and surrounding county schools as follows:

1. 1,039 students placed by DCPS, PCS or OSSE
2. 224 students placed by CFSA (wards of the District of Columbia)

Similar to the general enrollment audit results, the foremost reason for the 605 student variance relates to non-attending and withdrawn students. There are 33 students who were not “direct-certified” by OSSE and for whom a Residency Verification Form or other appropriate OSSE-approved residency documents were not provided or for whom the supporting residency documentation provided by the schools was not in compliance with OSSE guidelines.

OPINION

In our opinion, the Schedule of Student Enrollment presents, in all material respects, the audited enrolled and resident students, as of October 7, 2013, based on criteria described in Note 1.

OTHER MATTER

Our examination was conducted for the purpose of forming an opinion on the accompanying Schedule of Student Enrollment. The schedules shown as Attachments A through G are presented for purposes of additional analysis and are not required schedules for the criteria in Note 1. The information in such schedules has been subjected to the examination procedures applied in the examination of the Schedule of Student Enrollment and, in our opinion; such information is fairly stated in all material respects in relation to the Schedule of Student Enrollment.

In addition, we noted other matters that we have reported to OSSE in a separate letter dated January 31, 2014.

RESTRICTION ON USE OF REPORT

This report is intended solely for the information and use of the District of Columbia Office of the State Superintendent of Education, Office of the Mayor, City Council, DCPS Chancellor's Office, and the Public Charter School Board and is not intended to be, and should not be, used by anyone other than these specified parties.

DISTRICT OF COLUMBIA OFFICE OF THE STATE SUPERINTENDENT OF EDUCATION
NOTES TO SCHEDULE OF STUDENT ENROLLMENT
OCTOBER 7, 2013

NOTE 1 – CRITERIA

Enrollment

DC Code 38-1804.02 requires an annual reporting by the Office of the State Superintendent of Education (OSSE) of student enrollment as of October 5th each year. The Schedule of Student Enrollment presents the enrollment calculations required by DC Code 38-1804.02, which includes students attending District of Columbia Public Schools (DCPS) and DC Public Charter Schools (PCS); students placed in nonpublic schools, programs and surrounding county schools for special education services by DCPS, OSSE, or a PCS; and students placed by the District of Columbia Child and Family Services Agency (CFSA) in nonpublic and surrounding county schools.

Assessment of the accuracy of the enrollment reported by OSSE was based on (1) documents prepared internally by each school which were not subject to audit verification; (2) requirements as stated in OSSE's Enrollment Audit Handbook; and (3) OSSE's Absent Student Documentation and Hierarchy (Policy) which is further described in Note 3.

Residency

DC Code Section 38-309 requires that documentation be provided when enrolling a student to verify that the student is a resident of the District of Columbia. Such verification is required no earlier than April 1 each year in order for a student to be considered properly enrolled. OSSE issued instructions to the schools as to the documents necessary to verify residency.

For the purposes of residency verification, the DC Residency Verification Form or other OSSE designated appropriate alternative document(s) provided by the schools was inspected for each student. In addition, the supporting residency documentation was examined for a random sample of students who were not indicated as "direct-certified" at each school location for the school's adherence to DC Code Section 38-309 and OSSE guidelines.

OSSE identified certain students as "direct-certified" for residency. Direct certification students are students identified by OSSE as current residents of the District of Columbia by participation in District of Columbia government programs. The source for the direct certification indicator is the Income Maintenance Administration's Temporary Assistance for Needy Families (TANF) program file, Child and Family Services (CFSA) and other programs.

The amounts of tuition assessed and collected for nonresident students were provided by individual District of Columbia Public and Charter Schools.

NOTE 1 – CRITERIA (Continued)

Grade Level

Grade levels are reported as provided in the October 7th SLED unless corrected by the schools during the enrollment count process or as appealed by the schools with the following exceptions. Students in special education schools and alternative programs are shown in the reports as “UN” - Ungraded; students with no grade levels or has a grade level of “UN” in schools other than special education and alternative programs were adjusted to a grade level based upon age ranges provided by OSSE, and students in the DCPS STAY programs were all shown as “AO” - Adult.

NOTE 2 - OSSE APPEALS PROCESS

OSSE established a process whereby schools had the opportunity to appeal the decisions noted during the field examination. This appeals process, after the conclusion of the field examination, allowed LEAs to present additional documentation for determination of enrollment and residency status and grade level for students. The outcomes of the appeals process have been included in the audited results.

NOTE 3 - OSSE CRITERIA FOR DUPLICATE AND ABSENT STUDENTS

For purposes of this examination, the following criteria were used for determination of enrollment.

- A present student on the day of the count was an enrolled student for the school if (1) the student was reported on the school's roster in the October 7th SLED and (2) there was only one school claiming the student (not a duplicate student enrollment).
- A student who was present on the day of the enrollment count yet not reported on the school's roster in SLED as of October 7th was an enrolled student for that school if (1) acceptable documentation for enrollment at October 7th was provided during the examination and (2) no other school reported the student as enrolled (not a duplicate student enrollment).
- For a student being claimed by multiple schools as an enrolled student (duplicate student enrollment), OSSE's criteria as outlined in the Absent Student Documentation and Hierarchy (Policy) stated that the school receiving credit for the student would be the school at which the student had most days of attendance for the period September 20th through October 21st. In cases of a tie in the number of days attended, the school that the student attended on October 7th received credit for enrollment.

NOTE 3 - OSSE CRITERIA FOR DUPLICATE AND ABSENT STUDENTS – (CONTINUED)

- For a student who was absent on the day of the count, the OSSE criteria as outlined in the Absent Student Documentation and Hierarchy (Policy), stated that the school could provide:
 - Attendance records for a student to reflect attendance during the period September 20th through October 21st. If attendance records were not available, then acceptable documentation could be
 - A note from parent/legal/doctor if absence on count day was because of an illness, court-ordered appearance, out-of-school suspension, etc.; or
 - Two pieces of the student's school work/exam documentation during the period September 20th through October 21st.

INDEPENDENT ACCOUNTANT'S REPORT

District of Columbia
Office of the State Superintendent of Education
Washington, DC

We have examined the accompanying Schedule of Limited English Proficient (LEP) Students Enrollment for the District of Columbia Public Schools (DCPS) and Public Charter Schools (PCS) as of October 7, 2013 based on criteria set forth in Note 1. The District of Columbia Office of the State Superintendent of Education (OSSE) is responsible for the accompanying schedule. Officials of DCPS and each public charter school are responsible for the data supporting the accompanying schedule. DCPS and PCS officials did not provide us written assertions about their LEP data. Our responsibility is to express an opinion as to the accuracy of the LEP data reported based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence supporting the Schedule of Limited English Proficient Students Enrollment and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

BASIS FOR OPINION

The October 7th Statewide Longitudinal Education Database (SLED) reflected 7,648 students identified by OSSE as LEP students. The composition of the 7,648 LEP students is highlighted below:

1. 4,639 students identified by DCPS
2. 3,009 students identified by PCS

The examination results indicate that there are 7,331 LEP students as follows:

1. 4,716 students identified by DCPS
2. 2,615 students identified by PCS

Our procedures included an inspection and assessment of LEP supporting documentation for a sample of students in the LEP population which had not been automatically verified as LEP by OSSE. The sample and audit process were determined by OSSE and noted in OSSE's Student Enrollment Audit Handbook. There were 3,109 students who were not automatically certified as LEP and LEP enrollment discrepancies for 317 students, which is 10% of the audited LEP enrollment. These discrepancies were mostly attributable to incomplete LEP documentation to support LEP status and non-qualifying assessment scores.

OPINION

In our opinion, except for the material misstatement described in the preceding paragraph, the Schedule of Limited English Proficient Students Enrollment presents, in all material respects, the audited LEP enrollment, as of October 7, 2013, based on criteria described in Note 1.

OTHER MATTER

Our examination was conducted for the purpose of forming an opinion on the accompanying Schedule of Limited English Proficient Students Enrollment. The supplemental schedule of School by School Limited English Proficient Students is presented for purposes of additional analysis and is not required schedule for the criteria in Note 1. The information in the schedule has been subjected to the examination procedures applied in the examination of the Schedule of Limited English Proficient Student Enrollment and, in our opinion, such information is fairly stated in all material respects in relation to the Schedule of Limited English Proficient Students Enrollment.

In addition, we noted other matters that we have reported to OSSE in a separate letter dated January 31, 2014.

RESTRICTION ON USE OF REPORT

This report is intended solely for the information and use of the District of Columbia Office of the State Superintendent of Education, Office of the Mayor, City Council, DCPS Chancellor's Office, and the Public Charter School Board and is not intended to be, and should not be, used by anyone other than these specified parties.

OCTOBER 7, 2013

NOTE 1 – CRITERIA

In order to qualify for supplemental funding through the DC Uniform Per Student Funding Formula, all Limited English Proficient (LEP) student attending District of Columbia Public Schools (DCPS) and DC Public Charter Schools (PCS) must meet the District of Columbia definition of LEP. In accordance with the Public Law 107-110, qualifying LEP students must meet all of the following criteria:

- Student is aged 3 through 21;
- Student is enrolled in or preparing to enroll in an elementary school or secondary school;
- Student is:
 - not born in the United States or whose native language is a language other than English;
 - a Native American or Alaska Native, or a native resident of outlying areas; and comes from an environment where a language other than English has had a significant impact on the students level of English language proficiency; or
 - migratory, his/her language is a language other than English and comes from an environment where a language other than English is dominant; and
- Student who has difficulties speaking, reading, writing, or understanding the English language may be sufficient to deny the student
 - ability to meet the state's proficient level of achievement on state assessments described in section 1111(b)(3);
 - ability to successfully achieve in classrooms where the language of instruction is English;
 - opportunity to participate fully in society.

The Office of the State Superintendent of Education (OSSE) provided guidance to the schools as to the documentation necessary to support LEP determinations. LEP assessments were to be current and administered in accordance with mandated timeframes. Additionally, all assessments were to include data elements as noted below:

- Unique Student Identifier (USI)
- Student's first and last name
- Date of birth
- Grade level when assessment was administered
- Date assessment was administered
- Official scoring sheet, inclusive of the overall or composite score

NOTE 2 – ASSESSMENT

For purposes of this report, final evaluation of LEP status was based on the examination of both complete and current LEP documentation and qualifying assessment scores for a sample of LEP students. The requirements for the LEP audit process and the sample selection process are identified in OSSE's Student Enrollment Audit Handbook.

NOTE 3 - OSSE APPEALS PROCESS

OSSE established a process whereby schools had the opportunity to appeal the decisions noted during the field examination. This appeals process, after the conclusion of the field examination, allowed LEAs to present additional documentation for determination of LEP status for students. The outcome of the appeals process has been included in the audited results.
