**Blueprint**

- > A minimum of 4 OP items per reporting category is generally required to report a subscore
- > Actual coverage may vary +/-10% of target for each Reporting Category.

**Operational Items**

- > 40 of the 50 items per grade will contribute to the operational test
- > CTB will provide OSSE with recommendations for which field test and operational items should be suppressed
- > CTB will select a subset of the 2012 operational items to serve as an anchor set to equate the 2013 test  
Note: all 40 operational items from the 2012 administration will be available to be anchors in the 2013 administration.

**Embedded Field Test Items**

- > Numbers of forms and embedded field test items are yet to be determined.
- > Items field tested in 2013 will be used to refresh the 2014 operational test.
- > Total EFT will be distributed across reporting categories, to the extent possible
- > Future item development plans will be based upon the need to fill gaps in and/or balance the target blueprint.
